Date: March 4-9, 2024

Time: 0800-1700 daily

Instructor: Provided by the National Fire Academy

Overview: This 6-day course is designed to introduce command officers to the complexities involved in commanding incidents in high-risk areas.

Students are confronted with a number of fire and rescue incidents that include high life hazard, multiple exposure and unusual occupancy risk considerations.

Several simulations and case studies are used to depict and review incidents in various types of target hazards such as:

- Penal Institutions
- Bulk oil-storage facilities
- Nursing homes
- Colleges
- Chemical/Agricultural Manufacturing plants
- Grain elevators

Students will be emailed further instructions after registration and when information comes from the National Fire Academy. *This is a National Fire Academy course and there must be at least 15 students enrolled 60 days prior to the start date in order for the course to be held.*

Cost: There is no cost to the student for attendance.
