

TEXAS A&M ENGINEERING

EXTENSION SERVICE

OCTOBER 11 – 13, 2024

08:00 – 16:00

FEMA PER-213

WIDE AREA SEARCH

Course Description

The purpose of this course is to prepare participants to support a large search and rescue incident in a variety of roles ranging from searchers in the field, planning and support staff, and incident command. While built around the model of a large search and rescue event following a disaster, the course content applies to a vast number of critical situations including missing persons searches, natural disasters, terrorist incidents, and other scenarios.

Learn search skills and search management for floods, hurricanes, fires, tornados, and other large-scale disasters.

Boulder, Colorado

Instructed by TEEX on behalf of FEMA

Hosted by: Boulder Emergency Squad and The Boulder County Sheriff's Office
